Art Show Rules

Fees

- Panels (4'x4') and tables (6'x18") cost \$10 each.
- Half-panels (4'x2') or half-tables (3'x18") are \$7.
- Larger spaces (for large sculptures or pieces over 4' wide) are available by special arrangement.
- Nuke-Con will assess a 10% fee on all sales.
- Space will be reserved in the order we receive payment.
- Deadline for registration is September 26, 2019.

Original Artwork

- Any pieces you offer for sale must be your own.
- Artwork in any medium will be accepted.
- Entries must be matted, framed or otherwise ready for display and each piece must bear your name and its title.
- If your work requires special handling (electricity, special lighting, etc.), please notify us in advance.

Prints and Reproductions

- We accept prints and reproductions of your original art if they are signed and numbered.
- Each one must bear your name, the piece's title, and a price tag.
- If you choose, one copy of each design will be hung in the show (subject to the panel fee). Extra copies will go to the Print Shop.
- Print Shop pieces need not be matted (but they sell better that way), nor do they go to auction.
- There is no charge to place a piece in the Print Shop. Nuke-Con will assess its 10% fee on sales.

Preparing Your Bid Sheets: Bidding vs Quick Sale vs Live Auction

You will need to complete a Control Sheet listing all your art and a Bid Sheet for each piece in the show.

- Minimum Bid is the lowest price you're willing to accept for the piece.
- Quick Sale is optional. You set the price that a buyer can pay for immediate sale. Once a Minimum Bid has been placed the piece is no longer eligible for Quick Sale.
- Once there are three written bids for your piece, it will go to the Live Auction.
